# Dedication

This yearbook is dedicated to Mrs. Mary G. Rodrigues, who has served as a member of our Board of Trustees for the past ten years.

Mrs. Rodrigues is Past-President of our local P. T. A. unit and is completing her second term as President of the Phoebe Hearst Council of the P. T. A.

She has served on the United Bay Area Crusade, Red Cross, and other volunteer organizations.

In dedicating this yearbook to Mrs. Rodrigues, we thank her for her service to our school as well as our community.

Holger Rasmussen, M. D.

"Schools are as good as their management."  
Centerville School District has been most fortunate in having a most excellent Board of Trustees. These fine people receive no financial rewards for their services, but they have the satisfaction of knowing that their efforts and sacrifices are appreciated.

The Board has been commended for the foresight shown in the tremendous expansion program which has been underway. We have not been on double sessions and no double sessions are contemplated. Planning has been such that this district will be in a most favorable position for at least the next five years.

Centerville District has presently over two thousand (2000) students in four schools. Fifth school is now under construction. Board has secured five (5) excellent school sites at reasonable prices which, with additions, will provide accommodations for three thousand five hundred (3500) students.

The Board has employed sincere, conscientious school employees. Each does what his job calls for and then some. Board has provided supervision, school nurses, speech and hearing therapist, music, shop, homemaking teachers, and special classes. Three school cafeterias and three school busses are operated.

The Board has always kept in mind that the schools of Centerville are the property of all the people in the district. As such the buildings and playgrounds have been made available to youngsters and adults and have been used extensively after school, during evenings, on holidays, and week-ends.

People in this district are getting returns on tax dollars spent for their schools.

"Schools are as good as their management."

# Superintendent

Our Board of Trustees, our school employees, and I are pleased and proud of the two thousand (2000) boys and girls enrolled in our schools. By and large, our students have an excellent outlook and are in the frame of mind for learning. We don't know of better youngsters any place. For this and the wonderful cooperation we receive from our parents we are grateful.

We believe in educating every student to his fullest potential in all areas of knowledge. We wish to teach the fundamentals thoroughly and in a manner consistent with democratic thinking. We wish quality and balance in our educational program. In comparison with other districts we feel Centerville School District has done a very good job but it is our desire to do better. With your continued support and cooperation we'll do our very best for the boys and girls entrusted to our care.

Sincerely,

*Tom Maloney*

# Principal

Dear Boys and Girls:

At no time in the history of our country has education been so important a factor in the lives of Americans. We want you to believe in good education and endeavor, through education, to develop properly and to the fullest your potentialities.

Your chances for a successful future are enhanced a great amount when you take full advantage of the opportunities offered you in our schools. We are for you. Our future depends on you.

Congratulations to the members of the Class of 1959.

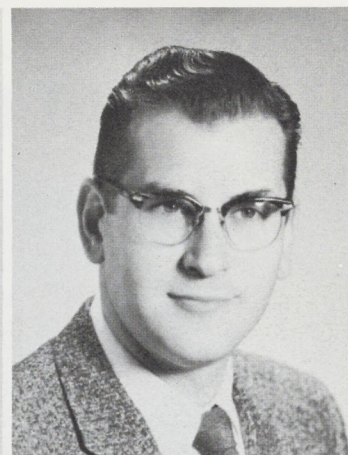

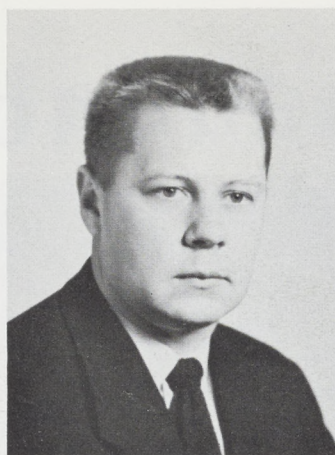

*Philip C. Brazil*
